
FOSTERING AN ACCESSIBLE COMMUNITY

- Further develop outreach and orientation programs for people with disabilities/provide better communication for disability travel
- Enhance education for service providers and the public regarding disability related issues
- Develop a map of accessible routes around the campus and community
- Develop improved Ride-Matching program
- Investigate the potential for Gadabout to serve as a feeder service to Park & Ride lots
- Provide curb ramps at bus stops and at all intersections
- Provide improved signage on buses to ease identification for visually impaired
- Improve enforcement of rules and regulations of all modes
